1. Overview and Introduction

The Bank is regulated by the Brunei Darussalam Central Bank ("BDCB") and follows the updated Pillar 3 - Public disclosure requirements issued by the BDCB in April 2021.

This document is prepared and based on the said notice and complements other regulatory guidance such as the minimum risk-based capital requirements and other quantitative requirement as per the Notice No BU/N-4/2017/39 - Maintenance of Capital Adequacy Ratio and Notice No. BU/N-10/2018/60: Amendment No. 1 - Supervisory Review and Evaluation Process (SREP)The Pillar 3 disclosure aims to facilitate and promote market discipline by requiring disclosure of key information on a consistent and comparable basis.

1.1 Basel Regulatory Framework

The Basel Accord framework consists of following three main pillars:

- Pillar I defines the regulatory minimum capital requirements by providing rules and regulations for measurement of credit risk, market risk and operational risk. The requirement of capital has to be covered by the Banks' own regulatory fund;
- Pillar II addresses a Bank's Internal Capital Adequacy Assessment Process ("ICAAP") for assessing overall capital adequacy in relation to risks other than Pillar I. Pillar II also introduces the Supervisory Review and Evaluation Process ("SREP"), which is used as a tool to assess the internal capital adequacy of banks; and
- **Pillar III** complements the other two pillars and focuses on enhanced transparency in information disclosure, covering risk and capital management, including capital adequacy which encourages market discipline and allows market participants to assess specific information.

Scope of Application

The name of the top corporate entity in the group, to which these regulations apply, is Bank Islam Brunei Darussalam Berhad ("BIBD") and its subsidiaries ("the Group"). The consolidated financial statements are prepared in accordance with the requirement of International Financial Reporting Standards ("IFRS") and Brunei Darussalam Central Bank ("BDCB").

There is no difference between our accounting and reporting in the consolidation to our subsidiaries. Further details on the basis of consolidation can be referred on the notes to the BIBD financial statements.
